## Introduction

The U.S. District Court for the Southern District of Georgia is comprised of three authorized District Judgeships, one senior judge, and three magistrate judges. The Southern District of Georgia is headquartered in Savannah and has divisional offices in Augusta and Brunswick. The Probation & Pretrial Services Office has an opening for a U.S. Probation Officer in our Presentence Investigation (PSI) Unit.

## Job Summary

The U.S. Probation and Pretrial Services Officer performs duties and responsibilities which include, but are not limited to, the following:

Officers conduct investigations and prepare reports for the Court with recommendations concerning the release or sentencing of individuals who have been charged with or convicted of federal offenses. The preparation of these reports requires interviewing defendants and their families; investigating the offense, prior record and financial status of the defendant; and contacting law enforcement agencies, employers, attorneys, victims of crimes, and other civic or community agencies. An integral part of the presentence process is the interpretation and application of the U.S. Sentencing Commission guidelines and relevant case law. Following disclosure of the presentence report, the officer analyzes any objections and determines an appropriate course of action, including resolving disputed issues and/or presenting unresolved issues to the Court. Officers monitor and supervise defendants and persons under federal supervision, enforce court conditions, and provide treatment opportunities to support positive lifestyle changes. Officers perform any other related duties required by the Court or the Chief Probation Officer.

## Qualifications

CL25 – One year of specialized experience and completion of a bachelor's degree from an accredited college or university with a major in criminal justice, criminology, psychology, sociology, human relations, business, or public administration is **required**.

CL27 – Two years of specialized experience or completion of a master's degree in a field of study closely related to the position, or a Juris Doctor (JD) degree.

CL28 – Two years of specialized experience.

**Specialized Experience:** This is defined as progressively responsible experience in fields such as probation, pretrial services, parole, corrections, criminal investigations, substance/addiction treatment, public administration, human relations, social work, psychology, or mental health. **(Experience as a custodial or security officer does not qualify as specialized experience. Experience as a police officer qualifies only if such experience is in criminal investigations.)**

## Physical Requirements and Maximum Age Entry

---

The duties of probation officers require investigating and supervising persons under federal supervision who present physical danger to officers and to the public. Because officers must effectively deal with physical attacks and are subject to moderately arduous physical exercise, applicants must be physically capable of conducting field work and must possess a valid driver's license. (First-time appointees must not have reached their 37th birthday at the time of appointment.) Applicants 37 and older who have previous law enforcement experience under the Civil Service Retirement System or the Federal Employees Retirement System and who have either a subsequent break in service or intervening service in a non-law enforcement officer position may have their previous law enforcement officer experience subtracted from their age to determine whether they meet the maximum age requirement.

Officers are required to complete a six-week mandatory training period with the Federal Probation and Pretrial Academy at the Federal Law Enforcement Training Center (FLETC) in Charleston, South Carolina, during their first year of employment.

## Special Requirements for Probation Officers

---

First time appointees to the position of U.S. Probation Officer must undergo an extensive government background investigation. Further, prior to appointment, the selectee considered for this position will undergo a medical examination and drug screening. Upon successful completion of the medical examination and drug screening, the selectee may then be appointed provisionally, pending a favorable suitability determination by the Court. In addition, as conditions of employment, incumbent will be subject to ongoing random drug screening, updated background investigations every five years, and, as deemed necessary by management for reasonable cause, may be subject to subsequent fitness-for-duty evaluations.
